

Government of India has launched a fellowship scheme “VAIBHAV Fellowships” for Indian diaspora in Science, Technology, Engineering, Mathematics and Medicine (STEMM).

2. The VAIBHAV fellowship scheme is aimed at engaging Diaspora scientists to facilitate academic and research collaboration between Indian institutions and the best institutions in world. The scheme is designed to engage Diaspora for improvement of research ecosystem in India. It is open to NRIs/PIOs/OCI working abroad offering them adjunct/visiting faculty positions in Indian institutions/Universities.

3. The scheme details can be accessed at <https://dst.gov.in/news/vaibhav-fellowships>.
